

SEWER & WATER PIPELAYER

We are looking for hardworking, dependable, team-oriented individuals to join our heavy excavation team. The **Sewer and Water Pipelayer** will be responsible to carry out specific job tasks using a variety of tools and equipment in our professional and outdoor environment.

About the Job:

- Install and repair sanitary and storm water sewer structures and pipe systems, including laying out pipe routes, following written instructions or blueprints, and coordinating layouts with supervisors.
- Dig trenches to desired or required depths, by hand or using trenching tools.
- Grade and level trench bases, using tamping machines and hand tools, and check slopes for conformation to requirements using transit levels, grade rods and/or lasers.
- Cut pipes to required lengths. align and position pipes to prepare them for welding or sealing then connect pipe pieces and seal joints, using welding equipment, cement or glue, and cover pipes with earth or other materials.

About You

- Ability to operate small, powered equipment including tampers (mandatory) and heavy equipment (preferred) to remove and replace soils and earth.
- Ability to determine grade of trenching using tools including lasers and transit levels.
- Skilled operating cutting equipment to cut various types of piping materials.
- Ability to cut, fit and seal various types of piping.
- Ability to communicate effectively with crew members including the written and spoken word.
- Ability to think logically about work at hand and compare site conditions with project designs.
- Ability to read blueprints and other project related documents.
- Driver's license required.

Working Conditions:

- Work is performed outdoors in all weather conditions.
- Heavy physical labour; lifting approximately 50 lbs.
- 10 hour shifts standard; some weekend work may be required.
- This is a seasonal, full-time position that may lead into a year-round opportunity.
- Wage is dependent upon experience (\$21.00 – 25.00/hour)
